### Rules and Regulations:

#### Entries:

**Completed entry forms are due August 15, 2022.** Enter both Open and Junior Show cattle on the same entry blank, with Open Show entry first, followed by Junior entry. Please note the proper department, class and breed/section numbers on your entry.

#### Show requirements to meet Purebred standards:

- Ayrshire, Brown Swiss, Guernsey and Holstein breeds must be 85% or higher to qualify to show.
- Lineback and Dutch Belt breeds require physical characteristics only to qualify.
- Jersey cattle must be purebred or JX at level 4 or higher.

#### Owned/Leased Animals:

All animals must be owned and registered in the exhibitor's name on or before July 1, 2022. Leased animals are allowed (dated prior to August 15) for Junior exhibitors only. Junior division entrants must enter their animals in the Open show under the same name as the Junior show. Signed lease forms must be available for inspection upon arrival. Junior exhibitor entries may be shown by an alternate farm representative for the Open show, and those animals will be eligible for group classes.

**Cattle Ages/Classes:**

Calves under four months of age will not be awarded cash prizes in single classes. Fall yearling age heifers who have freshened will be shown in the two-year-old class. Two-year-old cows (born 9-1-19 to 8-31-20) must have freshened at least once to be shown in the two-year-old class.

**Group Classes:**

An Open exhibitor may enter more than one animal in a single class, but have only one entry in a group class. All animals shown in group classes must have been shown in single classes. A farm or family unit is limited to one entry for a group class, and the intention to exhibit as a farm or family unit must be indicated to the Superintendent prior to the show. Group classes must have registration papers available and ready for inspection at the start of the class.

**Health Requirements:**

Please refer to the Health Standards for Vermont Fairs at the end of this section or in any section of the Premium Book page that refers to any livestock. Dairy cattle must have an accompanying current Certificate of Veterinary Inspection (CVI) with written proof of rabies and shipping fever vaccinations. Animals must be free of infectious, contagious or communicable diseases. Multiple animals of the same species from the same location may be listed together on one CVI. Cattle must be identified by a USDA approved eartag. Out of state exhibitors please have a CVI plus obtain an import permit from the Chief of Livestock, Vermont Agency of Agriculture, Food and Markets, Montpelier, VT. Call or write for them early!

**Arrival Times: *(NEW THIS YEAR)***

Dairy cattle exhibitors are invited to arrive with cattle on the fairgrounds between 8AM and 4:30PM on Wednesday, September 14, 2022. Vet tech students from Vermont Technical College will be checking animals and CVIs as animals arrive and unload on Wednesday. Lease and registration papers will also be checked by the Superintendent or Assistant Superintendent upon arrival. Any animal not meeting health requirements will be removed by the exhibitor at the request of the Superintendent and veterinarian on duty. Exhibit setup is welcome on or prior to Wednesday. The milking parlor will be available for use starting on Wednesday.

**Cattle Trailer Parking:**

All trailers must be parked in allotted parking area in Sherlock's Field (through Gate 8). All exhibitors entering Gate 6 to provide feed and supplies must be done and off the grounds prior to 8AM daily.

**Exhibitor Campers:**

Please see camper-specific rules and entry information on the Premium Book page.

**Space:**

The Final Frontier...(just checking to see if you've read this far!) All efforts will be made to accommodate exhibitors and stalling. However, due to limited space available in the barns, the Superintendent reserves the right to reduce herd sizes, or eliminate late entries. Please discuss storage with Superintendent. No pop-up canopies are allowed (unless at the discretion of the Superintendent). Absolutely no pop-up canopies in fire lanes.

**Rare Breeds:**

If animals in your exhibit are considered a rare breed, please see information in the Rare Breeds Section (Dept. 190) about the scheduled rare breeds presentation time as well as judging criteria for educational displays.

**Livestock Cavalcade:**

Let's show our enthusiasm for the 150th Tunbridge World's Fair celebration! Exhibitors must take a representation or group on parade for the Livestock Cavalcade. Exemptions only at the discretion of the Superintendent.

**Wristbands:**

Exhibitors will receive wristbands on Wednesday to wear all four days for admittance into the fairgrounds.

**Sunday Release of Animals:**

All animals will be released at 6PM on Sunday, or at the discretion of the Superintendent. Please do not start loading before that time. Failure to comply with this rule may result in loss of premiums. Exhibitors will be notified about traffic and loading procedures by superintendents.

## HEALTH STANDARDS FOR VERMONT FAIRS

Note: Animals being imported from outside the state of Vermont must comply with the established rules governing the importation of domestic animals including livestock and poultry. Contact the office of the State Veterinarian at 802-828-2421.

### Certificate of Veterinary Inspection (CVI)

All Vermont cattle, sheep, goats, camelids, and swine shall have a Certificate of Veterinary Inspection issued by a veterinarian within six months of the event. Such certificate shall include a description of the animal(s) including sex, breed, age, and any form of individual identification. Such certificate shall also state that the described animals have been inspected and show no signs of infectious, contagious, and/or communicable disease. Such certificate shall also document dates of any required vaccinations or health tests.

Vermont equine animals accompanied by a current negative official EIA test record with a complete identification of the horse and a record of a current rabies vaccination will be acceptable in lieu of a Certificate of Veterinary Inspection.

### Rabies Vaccination

All animals for which there is an approved rabies vaccine, including cattle, horses, sheep, dogs, cats and ferrets, shall have a current rabies vaccination according to the manufacturers recommendations. Such vaccination shall be documented either on an individual rabies vaccination certificate or a Certificate of Veterinary Inspection and shall include the name of the vaccine used, serial number, date administered and its duration. Rabies vaccination of equine can be recorded on an official EIA test record. The vaccination should be administered at least 30 days (and current within the previous 12 months) prior to the event and according to the manufacturers recommendation.

### EIA/Coggins for Horses

All equine shall have documentation of a negative test result for Equine Infectious Anemia within 12 months of the event. Such test results shall be documented either on an official EIA test record form or on a Certificate of Veterinary Inspection including the date of sampling and the laboratory where the test was run.

### Cattle Shipping Fever Vaccination

All cattle shall have a shipping fever vaccination within 6 months but no less than 14 days prior to the event which includes IBR, BVD, PI3, and BRSV. Such vaccination shall be documented on a Certificate of Veterinary Inspection and shall include the date administered and the trade name of the vaccine.
