

August 22, 2025

Dear Educator,

We are excited to see you and your students at the 2025 Tunbridge World's Fair!

Thursday, September 11, 2025, is designated as Agricultural Education Day at the Tunbridge World's Fair. All ages and grade levels, K-12, are welcome to attend this day. If you're planning to attend, here are more details as you get ready for your school's field trip:

School students and their chaperones will be accepted for free admission from 8AM - 10AM on September 11, 2025. The chaperone free admission ratio is one adult per 2 to 5 students. All other adults will be charged general admission.

Please pre-register your school group by email so we can plan for approximate numbers. The form is attached, and also is available on our website. **In the subject line please write "AG-ED Day 2025"**.

Please identify students and chaperones with the name of their school and phone number.

All school groups and busses must enter at Gate 4 at the south end of the fairgrounds. Fair Ambassadors will greet the busses, check your registration, hand out maps and schedules, and answer questions. ***Please know in advance a head count of students on your bus!** Once students have disembarked, busses will be directed to designated parking. Small private and home schools must also use Gate 4 to enter, but please use general parking.

For everyone's safety while busses are driving in and parking, any chaperones driving separately from the bus please meet their school group **AT THE GATE**. Please do not meet students at their bus.

See enclosed map for recommendations on where your age group should start their Tunbridge Fair adventure. Please consider this as it helps with foot traffic flow around the fairgrounds. **Also please read the AG-ED Emergency Reminders.**

At 11AM we will provide milk, donated by Booth Brothers, for students' lunches at the grandstand.

Concessions will be open by noon. Rides and the mid-way will open at 1:30pm.

If your class or an individual student would like to enter a Junior Division project or exhibit at the Fair, please visit tunbridgeworldsfair.com (click *Premium Book*) to print an entry form.

We look forward to seeing you on September 11th! If you have any questions, please email info@tunbridgeworldsfair.com (**in the subject line please write "AG-ED Day Questions"**) or call the fair office at 802-889-5555.

Sincerely,

The Tunbridge World's Fair Agricultural Education Committee

Tunbridge World's Fair
